

SOUTH BETHANY POLICE DEPARTMENT

05/01/2023

Chief of Police Monthly Report for April, 2023

Corporal Matt Wilson and I completed a 60-hour nationally-recognized training course focusing on the response of law enforcement, fire fighters and medical personnel working together as a task force during critical incidents. This course was funded by a federal grant.

Officer Matthew Boyd has started his second phase of field training and is expected to be on solo patrol by May 15, 2023.

Officer Terik Fullerton has resigned from the department, effective May 1, 2023. He has chosen to separate from the law enforcement occupation and seek another career.

The department does have two very well qualified and experienced police officers in the hiring process. I am very optimistic about the health of the police department as the summer season approaches.
